Bus. (805) 657-5142 – Fax. (805) 581-0434

The California Waves Softball Team first started in 1983 and has continued to field a team in at least one age division almost every year since its inception. The Waves have fielded an 18 and under team continuously since 1994, and in 1995 the California Waves won the ASA National Championship. During this period the Waves have had many players continue to play at the collegiate level with many of them receiving athletic or academic scholarships. It is our goal to assist young ladies in achieving their dreams to play softball at the collegiate and/or professional level.

The California Waves is a non-profit organization and was created to provide youth softball players the opportunity to play on a team that competes at the highest level of youth softball. The two primary goals of each player that is accepted as a member of the team is to:

- 1). Obtain an athletic or academic scholarship and graduate from college while continuing to play softball at the collegiate level.
- 2). Commit them to helping the California Waves challenge for another ASA National Championship.

The players of the California Waves are required to participate in all fundraising activities and clinics, where they get the opportunity to interact with beginning softball players at a local level and to teach these players the skills they have learned. This provides the players on the Waves the experience of sharing the knowledge that they have acquired with their local community and schools.

The expense in operating and managing a travel club can be costly; hence, sponsorship capital is also needed. Your sponsorship will assist the organization with the expense of uniforms, equipment, training material, tournaments, and travel. If you are interested in becoming a California Waves sponsor, please complete the information below or call Robert Ives (805)-657-5142.
